To whom it may Concern:

1.) Section VII, Part III. A. 7.e *"Illicit Discharge and Improper Disposal- Public Reporting"*

The employee who reported both discharges was on shift. The City considered him and employee and not a resident at the time of reporting. I would like some direction on whether or not to change the 0 to a 2 or report this in a separate element!

2.) Section VII, Part A ,9.a *"Construction Site Runoff"*

This was an error in the report and an over looked on rereading. The number of Site plan reviews is 14 and the number of notifications is 14.
