Response to Year 7 Audit Notification and Annual Report Comments
Village of Royal Palm Beach

Dear Mr. van den Akker:

The following is our response to your comments on the Year 7 Annual Report from the Village of Royal Palm Beach:

1. Section VII, Part III.A.9.b “Construction Site Runoff – Inspection and Enforcement”:
The permittee reported “1” construction site plan/permit application reviews (municipal site) and “0” construction site inspections (municipal site). Please provide an explanation for why no site inspections were performed at the municipal site. *We erred in reporting “0” for the number of construction site inspections (municipal site) performed. There were seven (7) inspections performed on this project from June 2009 to September 2009. The inspection reports are maintained by the Village Engineering Department.*

We trust that this response satisfies your comments. If you have any questions or comments concerning the above please contact me at (561) 790-5122.

Sincerely,

Carol Saunders for Paul L. Webster
