**Re: NPDES Year 1, Cycle 3 Annual Report
Village of Palm Springs
Engenuity Group Project No. 6001.01**

Dear Mr. Kuhl:

The following information is being submitted on behalf of the Village of Palm Springs in response to the April 12, 2012 comment letter from the FDEP for NPDES Permit No. FLS000018:

1. Section IV, Fiscal Analysis, of the Annual Report form requires the permittee to explain the impact of budget reductions on the municipality's capacity to fully implement their SWMP. Since the budget reduction appears to be significant compared to the Village's prior-year budget, provide a summary of potential impacts to your stormwater program.

The Village of Palm Springs did not reduce the budget for this permitted year (2012). On the report the budget for the NPDES stormwater management program for the subsequent reporting year was incorrectly reported as \$139,000.00. The budgeted amount should be \$169,000.00.

If you should have any questions please do not hesitate to call.

Sincerely,

Lina Camacho
Project Engineer
