REC'D P.A. #_____

TO Mock Roos & Assoc.

Hand Deliver

WE ARE SENDING YOU ☐ Attached ☐ Under separate cover via _____ the following items:

☐ Shop Drawings ☐ Prints ☐ Plans ☐ Samples ☐ Specifications

☐ Copy of letter ☐ Change Order ☐ _____

COPIES	DATE	NO.	DESCRIPTION
1			Attachment 1, SWMP Effectiveness

THESE ARE TRANSMITTED as checked below:

☐ For Approval ☐ Approved as Submitted ☐ Resubmit _____ copies for approval

☐ For your Use ☐ Approved as Noted ☐ Submit _____ copies for distribution

☐ As Requested ☐ Returned for Corrections ☐ Return _____ corrected prints

☐ For Review & Comment ☐ _____

☐ FOR BIDS DUE _____ ☐ PRINTS RETURNED AFTER LOAN TO US

REMARKS

Alan,

It appears that this form was inadvertently left out of the submittal.

Please let me know if there is any additional information required.

Attachment 1
Town of Lake Park SWMP Effectiveness

Year 2012 Report

1. Have stormwater pollutant loadings discharged from the MS4 decreased? Why or why not?

   Pollutant loadings appear to be reducing due to system maintenance.

2. Which components of the SWMP are working well and are effective in reducing stormwater pollutant loadings? Why are they effective?

   Lake Park Marina appears to be the most effective component due to its age, and the amount of BMP's associated with the land.

3. Which components of the SWMP are not working well and need to be revised to make them more effective in reducing stormwater pollutant loadings?

   All components appear to be functioning as intended.

4. Which components of the SWMP do not contribute to reducing stormwater pollutant loads and could be revised or eliminated, and why?

   All components contribute to the system.

5. Is the monitoring program providing data that can be used to assess the effectiveness of the SWMP in reducing stormwater pollutant loadings, assess the effectiveness of specific BMPs, and determine where stormwater retrofitting projects should be prioritized for implementation?

   Yes.
