**Re: NPDES Year 4, Cycle 3 Annual Report  
Town of Highland Beach  
Engenuity Group Project No. 02010**

Dear Mrs. Bull:

The following information is being submitted on behalf of the Town of Highland Beach in response to the May 27, 2015 email for NPDES Permit No. FLS000018:

Section VII, Part III.A.9.c

- Reported 0 site plan reviewer training. **Explain why no training was performed.**

**The number of site plan reviewer training should be 1. The site plan reviews are performed by an outside contractor and all the inspectors are certified through The Florida Stormwater, Erosion, and Sedimentation Control Inspector Training program. Also, the construction activities performed in the Town of Highland Beach were less than 1-acre of area since the town is almost built up.**

If you should have any questions please do not hesitate to call.

Sincerely,

Lina Camacho, P.E.  
Project Engineer
